

CAPABILITY STATEMENT

JAMES WHALE

Master of Philosophy, *University of Melbourne*

Bachelor Agricultural Science (HONS),
University of Melbourne

Certificate IV in Assessment and Workplace Training.

Areas of Expertise

- Farm business strategy and planning
- Financial budgeting
- Business performance and economic analysis
- Livestock nutrition and management
- Pasture production systems
- Public speaking, coaching, facilitation and negotiation
- Group training

James is a Farm Business and Livestock Advisor and has a strong background in Merino and prime lamb production systems. James has strong coaching and facilitation skills teamed with hands-on livestock production experience.

James holds a Bachelor of Agricultural Science and a Masters in Philosophy degree obtained by researching the economic and biological feasibility of lambing Merino ewes as 1-year-olds in south eastern Australia. He is immediate past president of the Grasslands Society and is a member of the Ag Institute of Australia.

James works with clients and producer groups to deliver improvements to production and profitability.
